

## I. Outline

### 1.1 Goal

By holding an international symposium in which military academies of countries around the world participate, we aim to contribute to the development of various aspects of the participating academies, including cadet education and training, by achieving the following:

- Building a system of international cooperation between military academies
- Devising cooperative exchange programs between military academies
- Exchanging valuable information on military academy development

### 1.2 Name

The name of the symposium shall be "International Symposium on the Development of Military Academies, abbreviated ISoDoMA."

### 1.3 Date and Site

In principle, ISoDoMA shall be held at KMA every two years. However, if another country so desires, it may choose to host and set the date of the symposium, after attaining consent from other participant military academies.

### 1.4 Participants

Representatives, presenters, panelists, and observers (guiding persons, cadets) from the participating countries may partake in ISoDoMA.

## II. Organization and Administration

### 2.1 Organization

- For the continuous development and smooth administration of ISoDoMA, a plenary session and other necessary administrative organizations shall be established.
- The plenary session shall consist of representatives from the military academies participating in ISoDoMA, and will be supervised by the host military academy.
- Administrative organizations shall be set up in the host military academy, and will plan as well as provide support for the symposium and the plenary session.

### 2.2 Projects

In order to achieve the goal stated in article 1, clause 1, the following projects shall be carried out during ISoDoMA:

- Opening of the academic symposium
- Opening of workshops related to the development of education in military academies
- Development and execution of programs related to cadet exchange and amity
- Other projects that promote the development of military academies

### 2.3 Agenda for the Plenary Session

Discussion and consultation on the following items shall be had in the plenary session:

- Items regarding the educational development of military academies

- Items regarding the promotion of exchange and cooperation among military academies
- Other items related to the administration of ISoDoMA

### **III. Academic Symposium**

#### **3.1 Main Topic and Schedule**

The military academy of the hosting country shall establish a symposium topic related to 'the Field of Military Research and the Development of Military Academies' and inform the participating countries of the detailed schedule and method of proceedings.

#### **3.2 Participants**

In principle, the presenters and panellists are to be selected from the professors of the participating military academies. However, civilian scholars may participate in the symposium in accordance to the character of the subject.

### **IV. Budget**

The following principles shall apply for the budget for ISoDoMA:

- The host military academy shall bear the costs, other than the participants' airfare and accommodation costs, related to hosting the symposium.
- When possible, the host military academy shall bear the air fare and accommodation costs for the keynote speakers, presenters, and panellists.
- The host military academy may aid in gathering information and reserving accommodations for the symposium participants.

#### **<Supplementary Rule>**

This administration policy shall take effect starting from the first ISoDoMA in 2007, and can be amended through consultation at the ISoDoMA plenary session.
